

## General Guideline

for publication and submission of dissertations in the Faculty of Architecture, Civil Engineering and Environmental Sciences (Attachment 4 of the Doctoral Regulations of Faculty 3 of Technische Universität Braunschweig)

### Authorization to Print

The final version of the dissertation in agreement with the reporters must be presented to the chairwoman or chairman of the Doctoral Committee or to the reporter named in the examination protocol prior to printing. The inspection is with respect to changes in content as well as for the final title of the dissertation. Authorization must be provided in writing.

### Publishing Possibilities / Number of mandatory Copies

Delivery to the library of the university without charge or electronic publication in line with one of the following sections:

- a) Own reproduction: 40 copies bound, with title cover (see sample Attachment 2)
- b) When publishing with a publishing company with proof of at least 150 copies, proof by naming the ISBN Number: 4 copies bound with indication on the back page that it is a dissertation at Technische Universität Braunschweig (see sample Attachment 3)
- c) Publication of the work in pertinent parts in a science magazine or when a cumulated dissertation: 6 copies bound with title cover (see sample Attachment 2)
- d) Electronic publication respective of the individually applicable notice by the university library: 2 copies bound, with title cover (see sample Attachment 2).

**Proof** of publication to the faculty is done by presenting the receipt of the University Library about a proper publication.

Over and above that, **additional** copies of the printed dissertation (for members of the Doctoral Committee, as well as professors of the faculty who have previously indicated their interest) must be delivered to the Dean's office. The exact number will be communicated to the doctoral candidate in writing by the Dean's office after the disputation.
