

Research Associate / Postdoc (m/f/d) in the field of Environmental Geochemistry

EG 13 TV-L, full-time

The Environmental Geochemistry Group at the Institute of Geoecology at Technische Universität Braunschweig is seeking applicants for a **6-year** fully funded postdoctoral position (3 years with 3 years extension).

We invite applicants with research interests and experience in Environmental Geochemistry to complement or extend the group's research interests in areas such as biogeochemistry of trace elements and pollutants in aquatic systems, wetlands and soils or the marine environment. The position is to be filled on a fixed-term starting from **01.07.2024**.

As a successful candidate you should have a background in a relevant field such as Environmental Sciences or Earth Sciences. Experience in analytical chemistry and field work is desirable. The preferred candidate will be expected to teach courses (4 h/week) in Environmental Geochemistry including laboratories courses.

A broad interest in environmental sciences, and the ability to work independently as well as in a team is essential. You should be fluent in oral and written English, since the host group is international in composition and publication aims.

Please attach a statement of your research interests, a curriculum vitae, and the names and addresses of two referees.

Please send your documents as a single pdf file to jasmin.hoppe@tu-braunschweig.de. The position will be open until filled.

For informal inquiries, contact **Prof. Dr. Harald Biester**, e-mail: h.biester@tu-braunschweig.de or visit our homepage: <https://www.tu-braunschweig.de/geoekologie/institut/geochemie>.

We welcome applicants of all nationalities. At the same time, we encourage people with severe disabilities to apply. Applications from severely disabled persons will be given preference if they are equally qualified. Please attach a form of evidence of your handicap to your application.

The personal data will be stored for the purpose of processing the application. By submitting your application, you agree that your data may be stored and processed electronically for application purposes in compliance with the provisions of data protection law. Further information on data protection can be found in our data protection regulations at <https://www.tu-braunschweig.de/datenschutzerklaerung-bewerbungen>.
