

Job advertisement PreDoc

The Institute of Mathematical Stochastics at the TU Braunschweig is looking to fill the position of a Scientific Assistant (m/f/d) (with pay, depending on the assignment of tasks and fulfillment of personal requirements, up to pay group 13 TV-L) with 75% of the weekly working time and with a fixed-term employment contract (3 years), starting October 1, 2022.

The duties of the position holder include qualified independent scientific work in a modern field of applied stochastics, for example in statistical physics, interacting particle systems or stochastic geometry. Appropriate participation in teaching and examination tasks of the Institute is expected. A university degree (Master or Diploma) in mathematics or a related field is also expected. Holders of the position should be pursuing a doctorate.

The TU Braunschweig strives in all areas and positions to reduce underrepresentation as defined by the NGG. Therefore, applications from women are particularly welcome. Severely handicapped persons are preferred in case of equal suitability, a proof has to be enclosed. Personal data will be stored for the purposes of the application process. Application costs cannot be reimbursed.

For more information about the advertised position, please contact Prof. Dr. Benedikt Jahnel (benedikt.jahnel@tu-bs.de). Please submit your electronic application by July 10, 2022 with CV and copies of certificates via email in a single PDF to the Institute for Mathematical Stochastics at the TU Braunschweig (benedikt.jahnel@tu-bs.de). Online interviews are expected to be scheduled during the week of July 18 - 22, 2022.

We look forward to receiving your application!
